## 2 Large Chips (from ¼" to 1")

\$160.00

If you see a rock chip or small crack in your vehicle's windshield, don't stall, call on T&T! One more rock could cause the crack to spread across the entire windshield, which will require a complete replacement. We can safely repair minor damage with a special type of nearly invisible resin, leaving your windshield as strong as new, and for a fraction of the price of a new windshield!
